

**Second international conference on**

# **Surveying Health in Complex Situations**

**June 4 – 5, 2007  
Brussels, Belgium**

DAY 1 (June 4)

In 4 sessions, researchers from various  
subdisciplines will present recent work  
in which innovative survey techniques  
have been used.

DAY 2 (June 5)

Through different workshops, specific  
issues related to field research will be  
debated.

**Conference attendance  
is free**

**UCL**  
Université  
catholique  
de Louvain
